

2.6.1 RELEVANT DATA

- **COURSE OUTCOME**
- The course outcome of the undergraduate nursing program is to:
- •Prepare graduates to assume responsibilities as professional, competent nurses and midwives in providing promotive, preventive, curative and rehabilitative services.
- Prepare nurses who can make independent decisions in nursing situations, protect the rights of and facilitate individuals and groups in pursuit of health, function in the hospital, community nursing services, and conduct research studies in the areas of nursing practice. They are also expected to assume the role of teacher, supervisor, and manager in a clinical/public health setting.

Following are the employment data and some achievements of students who have passed out from Mizoram College of Nursing which proves that the course outcome and objectives of the course has been met-
