

Mizoram College of Nursing

Health & Family Welfare Department

Govt. of Mizoram

Quality Policy

At Mizoram College of Nursing (MCON), we are committed to delivering excellence in nursing education, research, and community service, in alignment with the mandate issued by our Principals & Regulators.

We aim to develop competent, compassionate, and ethical nursing professionals through high-quality education, a supportive learning environment, and continuous innovation.

Our commitments include:

- **Delivering high-quality nursing education** that meets applicable academic, professional, and regulatory requirements.
- **Enhancing student satisfaction** by addressing their academic, professional, and personal development needs.
- **Maintaining a learner-centric environment** that promotes critical thinking, evidence-based practice, and lifelong learning.
- **Ensuring faculty and staff development** through continuous training and capacity building.
- **Engaging with stakeholders**, including students, parents, healthcare institutions, and the community, through effective communication and collaboration.
- **Complying with all statutory, legal, and regulatory obligations** relevant to nursing education and institutional governance.
- **Operating transparently and ethically** in all aspects of academic and administrative functioning, and
- **Fostering a culture of continual improvement** by regularly reviewing our quality objectives, outcomes, and processes.

This Quality Policy is communicated to all stakeholders and reviewed periodically to ensure continued relevance and alignment with institutional goals and ISO 9001:2015 requirements. It is the responsibility of all members of the institution to implement and uphold this policy with integrity and commitment.
