1.PROFILE OF THE COLLEGE

Mizoram College of Nursing (MCON) was established in 1980 with a capacity of 20 students for General Nursing & Midwifery course under Health & Family Welfare Department, Government of Mizoram and thus became a pioneer in this field. For nearly 40 years, this institution has served the people and the Government well by producing excellent and dedicated nurses. Our students have gone on to serve the people of our country well and some have gone beyond that by working abroad in modern hospitals all across the globe. The institution was upgraded to College of Nursing on 11th Oct. 2005 to conduct Bachelor of Science in Nursing which is a 4 year course. In 2025, the college further expanded its academic offerings by introducing the

two-year Post Basic Bachelor of Science in Nursing (P.B.B.Sc. Nursing) programme and plans to introduce the Master of Science in Nursing (M.Sc. Nursing) programme in 2026 session. It is recognized by the Indian Nursing Council and affiliated to the Mizoram University. It is also National Assessment and Accreditation Council (NAAC) conferred B grade which is the only stand-alone accredited nursing college among the entire North East states. In addition, the institution has implemented a Quality Management System and is certified under the ISO 9001:2015 standard, reflecting its commitment to maintaining high standards in academic and administrative excellence.

2.VISION

To be a Centre of Excellence in preparing competent and ethically sound professional nurses through quality nursing education, ultimately contributing to positive health care outcome globally.

3.MISSION

To prepare excellent and competent nursing professionals with a passion for quality nursing care, through Evidence Based Practice and whose actions and voices will be recognized for their skills in leadership, enabling them to be life-long learners.

4.OBJECTIVES

On completion of Post Basic B.Sc in Nursing degree programme the graduates will be able to

- a) Assess health status, identify nursing needs, plan, implement and evaluate nursing care for patients/ clients that contribute to health of individuals, families and communities.
- b) Demonstrate competency in techniques of nursing based on concepts and principles from selected areas of nursing, physical, biological and behavioural sciences.
- c) Participate as members of health team in the promotive, preventive, curative and restorative healthcare delivery system of the country.
- d) Demonstrate skills in communication and interpersonal relationship.
- e) Demonstrate leadership qualities and decision-making abilities in various situations.
- f) Demonstrate skills in teaching to individuals and groups in community health settings.
- g) Demonstrate managerial skills in community health settings.
- h) Practice ethical values in their personal and professional life.
- i) Participate in research activities and utilize research findings in improving nursing practice.
- j) Recognize the need for continued learning for their personal and professional development.
